

## AGENDA OF THE FIRST WEEK AT COP 17<sup>TH</sup>

DATE	TIME	ORGANIZER	TITLE/THEME/SPEAKER
Tuesday 29 Nov 2011	11:30 – 16:30	<p><b>The Climate Reality Project Indonesia</b> Ms. Amanda Katili aknode@gmail.com</p> <p><b>Civil Society Forum – HuMa</b> Anggalla Putri Permatasari anggaliaputri@gmail.com +62856 211 8997</p>	<p><b>Film Festival</b></p> <ul style="list-style-type: none"> <li>• <i>Our Earth (Indonesia Youth Delegation)</i></li> <li>• <i>Animated Movie on Indigenous People and Local Communities and Climate Change (Civil Society Forum - HuMA)</i></li> <li>• <i>Indonesian plantations change carbon source to carbon sinks (Indonesia Ministry of Forestry)</i></li> <li>• <i>Pro-Poor Biogas (UNDP Indonesia, 2010)</i></li> </ul>
Wednesday 30 Nov 2011	11:00 – 13:00	<p><b>Bali Provincial Government (IND)</b> A.A. Gede Alit Sastrawan icm_bali@yahoo.com +628155709557</p>	<p><b>Bali Green Province</b></p> <p>Bali Green Province is a developed based on 3 strategies, namely Green Culture, Green Economy and Clean &amp; Green.</p> <p>Speaker: A.A. Gede Alit Sastrawan</p>

	11:00 - 13:00	<p><b>Indonesia Ministry of Public Works</b></p> <p>Mr. A.TOMMY M. SITOMPUL, M.Eng atmstpl@gmail.com +6281280000600</p>	<p><b>Green City Development Program</b></p> <p>Incentives program has been developed by National Government to support Provincial and Local Government to promote green city as concrete responses to climate change challenges. Nowadays, 60 municipalities/regencies participate in this program.</p> <p>Speaker: DR. Budi Situmorang</p>
	14:30 - 16:30	<p><b>Indonesia Ministry of Public Works</b></p> <p>Mr. A.TOMMY M. SITOMPUL, M.Eng atmstpl@gmail.com +6281280000600</p>	<p><b>Utilization of peat land to strengthen food security</b></p> <p>Ministry of Public Works has been working on strengthening food security by revitalizing water drainage system on peat land areas in Indonesia. The drainage system could maintain water content in the peat land and reduce CO2 emission.</p> <p>Speaker: TOMMY M. SITOMPUL</p>
	14:30 - 16:30	<p><b>The Gaia Foundation*</b></p> <p>Ms. Teresa Anderson teresa@gaianet.org +44 20 74280055 -----</p>	<p><b>Agro-ecology, climate resilience and planning for adaptation.</b></p> <p>Gaia Foundation, Development Fund, African Biodiversity Network and friends show how communities can use agroecology, indigenous knowledge and pastoralism to adapt to and mitigate</p>

		<p>Development Fund</p> <p>Ms. Gitte Motzfeldt</p> <p>gitte@utviklingsfondet.no</p> <p>+47 92 287487</p>	<p>Climate change. These contrast with top-down market-based approaches, but could guide national Adaptation strategies.</p>
	14:30 – 16:30	<p><b>Japan International Cooperation Agency (JICA)</b></p> <p>Mr.Kawanishi Masato</p> <p>Kawanishi.masato@jica.go.jp</p>	<p><b>Mainstreaming Adaptation into Development Planning</b></p> <p>JICA will present their support on mainstreaming adaptation into development planning at national and provincial levels in Indonesia. Their pilot activity for strengthening climate resilient capacity through food security in North Sumatera and Bali provinces will also be shared.</p>
Thursday 01 Dec 2011	11:00 – 13:00	<p><b>Indonesia Ministry of Forestry</b></p> <p>Dr. Agus Justianto</p> <p>ajustianto@gmail.com</p> <p>+628129199192</p>	<p><b>Status on Forest and Climate Change Program in Indonesia</b></p> <ol style="list-style-type: none"> <li>1. The National Forestry Policy on Climate Change Mitigation and Adaptation</li> <li>2. Policy on Forestland Utilization for Mitigation and Adaptation of Climate Change</li> <li>3. Design of National Carbon Accounting System (INCAS) and Forestry MRV Roadmap</li> </ol> <p>Indonesian Forestry has made efforts in cooperation with domestic and international partners in efforts to achieve GHG emission reduction target and sustainable forest management. Several outputs have been resulted including policies and regulations on strategic forestry, development of a pilot project in the Province/</p>

			<p>District, issuance of Minister Regulation on National Forestry Planning (RKTN) 2011-2030 as basis for land reform and development of Indonesia National Carbon Accounting System (INCAS) with cooperation with Australian government.</p> <p>Speakers: Dr. Ir. Yetti Rusli, Dr. Ir. Agus Justianto, Ir. Yuyu Rahayu, Ms. Diah Rahardjo (Facilitator)</p>
	11:00 – 13:00	<p><b>Belgium*</b> Mr. Tom Dauwe tom.dauwe@vito.be</p>	<p><b>A framework to assess the sustainability of different REDD+ design options</b> The different options of REDD+ (e.g. on reference level and scope) will have an impact on the sustainability of implementation in the field. We will present a framework to analyse the environmental, socio-economic and institutional implications of different scenarios for individual countries.</p>
	14:30 – 16:30	<p><b>Indonesia Ministry of Forestry</b> Dr. Agus Justianto ajustianto@gmail.com +628129199192</p>	<p><b>Status on REDD+ in Indonesia</b></p> <ol style="list-style-type: none"> <li>1. Current status of REDD+ in Indonesia</li> <li>2. Local Government Commitment on REDD+ Program</li> <li>3. Community Participation on REDD+ : the case of Kapuas District</li> </ol> <p>Indonesia has developed a strategy for REDD Readiness Phase 2009-2012 and based on survey in 2010, currently there are 23 Demonstration Activities have been developed in Indonesia. Among others, the REDD+ readiness projects is UN-REDD Indonesia, in which Central Sulawesi has been selected as pilot province, and the Kalimantan Forest and Climate Partnership (KFCP) as a bilateral cooperation between governments of Indonesia and Australia. Several achievements have been accomplished, the lessons learned will be shared from those REDD+ pilot areas.</p> <p>Speakers: Dr. Nur Masripatin, Mr. H. Longki Djanggola, (Governor of Central Sulawesi Province), Mr. H.</p>

			<p>Muhammad Mawardi. (Head of Kapuas District, Central Kalimantan Province), Dr. Yetti Rusli (Facilitator).</p>
	14:30 – 16:30	<p><b>Japan International Cooperation Agency (JICA)</b>  Mr. Shigeru Takahara  takahara@jica-dephut.or.id</p>	<p>The experiences and lessons from JICA projects on forestry and their contribution to REDD+ in Indonesia will be presented.</p>
Friday 02 Dec 2011	11:00 – 13:00	<p><b>Indonesia Ministry of Forestry</b>  Dr. Agus Justianto  ajustianto@gmail.com  +628129199192</p>	<p><b>Lesson learned on Climate Change Issue in Indonesia</b></p> <ol style="list-style-type: none"> <li>1. Community Forest Plantation Development in degraded land within the effort to increase C-Stock</li> <li>2. Integration of Timber Legality Assurance System and REDD+ Framework</li> <li>3. Peat land Rehabilitation with Forest Industry Plantation: Carbon Sink/Source?</li> </ol> <p>Marginal lands can be utilized to enhance CO2 reduction through implementation of community forest by providing a source of quality and fast-growing seeds. Study of SVLK to support REDD+ readiness has been conducted in 3 provinces in Indonesia, namely Central Kalimantan, East Java and Riau. Study results will be presented on how timber legality system could be integrated into REDD+ infrastructure. Finally, a model of rehabilitation of damaged peat land for timber plantation is suggested in South Sumatera.</p> <p><b>Speakers:</b> Mr. Firman Fahada (BPKH Wilayah XI)</p>

			<p>Yogyakarta), Dr. Arya Hadi Dharmawan ( IPB University), Dr. Mahmud Raimadoya (IPB University), Dr. Agus Justianto (Facilitator)</p>
	11:00 – 13:00	<p>Centre for Climate Change and Environmental Studies * Mr. Aminu Zakari aminu.zakari@center4climatechang e.com</p>	<p><b>African first ladies forum on climate change</b> Mobilizing African women on climate change adaptation and mitigation</p> <p>Speakers: Archbishop Desmond Tutu (TBC)</p>
	14:30 – 16:30	<p><b>Indonesia Ministry of Forestry</b> Dr. Agus Justianto ajustianto@gmail.com +628129199192</p>	<p><b>Lesson learned on Climate Change Issue in Indonesia</b></p> <ol style="list-style-type: none"> <li>1. Natural Forest Management in REDD+ Implementation in Indonesia : The Future Challenge</li> <li>2. REDD+ Safeguards: Lessons Learned from the Initiation of Participatory Governance Assessment for REDD+ Readiness and Implementation Phase in Indonesia.</li> <li>3. Lesson Learned of REDD+ Activities in Tesso Nilo National Park and Sebangau National Park</li> </ol> <p>Natural forest function should not merely be limited to the timber production but more importantly to satisfy the ecosystem services (water, biodiversity, CO<sub>2</sub> absorption, etc.). How can we develop a scenario for managing the natural forest for better timber production but also could satisfy ecosystem services and local empowerment/ regional development? Participatory Governance Assessment (PGA) for REDD+ is on going to assess governance readiness for REDD+ implementation and to provide indicator system for its monitoring. Finally, WWF-Indonesia in collaboration with the Ministry of Forestry has been trying to implement Demonstration Activities of REDD + in Tesso Nilo National Park and National Park Sebangau is a valuable lesson in field trials related to REDD + activities in conservation areas.</p>

			<p>Speakers: Prof M. Na'iem and MR. Oka Karyanto (UGM University), Mr. Abdul Wahid Situmorang (UN- REDD Indonesia), Mr. Iwan Wibisono (WWF Indonesia), Dr. Agus Justianto (Facilitator)</p> <p><b>Addressing REDD+ social and environmental safeguards: experiences using REDD+ SES and other mechanism.</b></p>
	14:30 – 16:30	<p><b>Ecuador *</b> Ms. Aurélie Lhumeau alhumeau@ambiente.gob.ec +593 2 3987600</p> <p>Conservation International (CI) Ms. Kate Hanford khanford@conservation.org +1 720 2013704</p>	<p>This event presents how Ecuador, Nepal, Acre (Brazil) and partners including national CSOs, CCBA and CARE are addressing and providing information on REDD+ social and environmental safeguards as well as enhancing multiple benefits, using REDD+ SES with other safeguard mechanisms eg. UN-REDD, FCPF.</p>
Saturday 03 Dec 2011	11:00 – 13:00	<p><b>Central Kalimantan Provincial Government (IND)</b> <i>Ir. MURSID MARSONO</i> mursid.marsono@gmail.com +62816280989</p>	<p><b>Provincial Low Carbon Growth Strategy: A Study of Central Kalimantan</b></p> <p>The presentation will show how it is possible for Central Kalimantan province to reduce its greenhouse gas emission and grow its economy to create better livelihoods for its diverse population.</p> <p>Speaker: A. Teras Narang (Governor of Central Kalimantan)</p>

	11:00 – 13:00	<p><b>Centre for Low Carbon Futures (CLCF)*</b>  Ms. Katherine Robinson  katherine.robinson@lowcarbonfutur  es.org  +44 7900 927961</p> <p>University of Leeds  Ms. Margo Hanson  m.hanson@leeds.ac.uk  +44 113 3436817</p>	<p><b>The economics of low carbon cities: outcomes of a city-scale: mini-Stern review</b></p> <p>What are the costs benefits of cutting energy carbon in cities? Results of a city-scale mini-Stern review will be presented suggesting that deep cuts for households, commerce, industry and transport can be made through cost effective investments. Financing options delivery vehicles are discussed</p>
	14:30 – 16:30	<p><b>The Climate Reality Project Indonesia</b>  Ms. Amanda Katili  akniode@gmail.com</p>	<p><b>Youth Dialogue on Climate Change: How to increase awareness on climate change impact among youth?</b></p> <p>Speakers: Indonesia Youth Delegation</p>
	14:30 – 16:30	<p><b>United Nations (UN)*</b>  Mr. Dan Shepard  shepard@un.org  +1 646 6753286</p>	<p><b>Explaining climate change to youth: A Prerequisite for Action</b></p> <p>As the impacts become clearer to people everywhere, the education community is increasingly being called upon to include climate change in their programmes. This side event will highlight how educators, youth organizations, parties and development partners are putting climate change into education.</p>
	14:30 – 16:30	<p><b>Sustainable Markets Foundation - 350.org*</b></p>	<p><b>African Climate Stories: Voices from the Front Lines of the Climate Crisis</b></p>

	<p>Mr. Jeremy Osborn jeremy@350.org +1 802 5524067 -----</p> <p>United Kingdom Youth Climate Coalition Limited (UKYCC) Ms. Neva Frecheville neva@ukycc.org +44 7540 858349 -----</p> <p>World Association of Girl Guides and Girl Scouts (WAGGGS) Ms. Bernadette Fischler bernadette@wagggsworld.org +4 7900 218409</p>	<p>This panel will feature five young people from across Africa presenting their stories of how they are confronting the climate crisis in their everyday lives. Their experiences provide important insights into the human-scale impacts of climate disruption, as well as offer a compelling call to action.</p> <p><b>Speakers:</b> 350.org Representatives, Youth Organizers and Climate Advocates.</p>	
<p>Sunday 04 Dec 2011</p>	<p>11:00 – 15:00</p>	<p><b>The Climate Reality Project Indonesia</b> Ms. Amanda Katili akniode@gmail.com</p>	<p><b>Youth Gathering (TBC)</b></p>

## AGENDA OF THE SECOND WEEK AT COP 17<sup>TH</sup>

DATE	TIME	ORGANIZER	TITLE/THEME/SPEAKERS
Monday 05 Dec 2011	11:00 – 13:00	<p><b>Indonesia Ministry of Environment</b>                      Ir. Arief Yuwono, MA                      ay.yuwono@gmail.com</p> <p>Sulistiyowati                      listy_78@yahoo.com                      +62815 926 1415</p>	<p><b>Development of Indonesia's National GHG Inventory System</b></p> <p>Responding the need to enhance capacity to periodically provide updated information on GHG inventory, the Government of Indonesia released the Presidential Decree on the Implementation of National GHG Inventory (Presidential Decree number 71/2011). The regulation consist of two objectives, firstly to provide regular information on level, status, and trend of GHG emission and removal changes, including carbon stock at national, provincial and municipal/district level, and second objective is to provide information on the performance GHG emission reduction yielded from the national climate change mitigation actions.</p> <p><i>Speakers:</i> Mr. Arief Yuwono (Deputy III), Mrs. Sulistyowati (Director for Climate Change Mitigation)</p>
	11:00 – 13:00	<p><b>Japan International Cooperation Agency (JICA)</b></p> <p>Mr. Takeshi Enoki                      enoki@murc.jp</p> <p>Mr. Kawanishi Masato                      Kawanishi.masato@jica.go.jp</p>	<p><b>Challenges and Opportunities: Update Reporting of National GHG Inventories in Indonesia</b></p> <p>The experiences and lessons from JICA project with the Ministry of the Environment in Indonesia for capacity development on national GHG inventories will be presented.</p>

	14:30 – 16:30	<p><b>Indonesia Ministry of Transportation</b></p> <p>Mr. Rukmalan Somantri  Alan_s56@yahoo.co.id  +628161122999</p>	<p><b>Towards Low Emission Transport in Indonesia</b></p> <p>Action plan to reduce CO2 emission in transport sector (inland transport, sea transport, civil aviation and railways) will be presented.</p> <p><i>Speaker:</i> DR. Wendy Aritonang  Senior Advisor for Environmental to Minister for Transportation</p>
	14:30 – 16:30	<p><b>Indonesia Ministry of Public Works</b></p> <p><b>Mr. A.TOMMY M. SITOMPUL,</b>  <b>M.Eng</b>  <b>atmstpl@gmail.com</b></p> <p><b>+6281280000600</b></p>	<p>Mitigation Action in Waste Sector in Indonesia (presentation &amp; film 10')</p> <p>To provide information about municipal waste management as one of national programs to control pollution and GHG emission.</p> <p><i>Speaker:</i> Mrs. Kati Andraini</p>
	14:30 – 16:30	<p><b>International Association of Public Transport (UITP)*</b></p> <p>Ms. Minna Melleri  minna.melleri@uitp.org  +32 2 6613196  -----</p>	<p><b>'Bridging the Gap' between transport and climate policy: time to tackle the transport sector</b></p> <p>Leading transport experts explain how to make land transport part of national climate change action plans and how it can be incorporated into NAMA development. Parties and developing country representatives will also discuss existing and emerging finance, capacity building and technology provisions.</p>

		<p>Centro de Transporte Sustentable de México Asociación Civil (CTS México) Sra. Hilda Martinez hmartinez@ctsmexico.org +52 55 30965742</p>	
<p>Tuesday 06 Dec 2011</p>	<p>09:30 – 10:30</p>	<p><b>National Council on Climate Change of Indonesia (DNPI)</b></p>	<p><b>Welcome to Indonesia Pavilion : Find Solutions for the World</b></p> <p>Welcoming remarks: Mr. Rachmat Witoelar (Executive Chair of DNPI/ Indonesia Special Envoy for Climate Change)</p> <p>Invitees: His Excellency Indonesian Ambassador for South Africa, Indonesia Delegates, UNFCCC Secretariat, UN-REDD, Japan Delegate/JICA, Norwegian Delegate, APRIL Asia, PT. Pertamina, APP.</p> <p><i>Light lunch provided</i></p>
	<p>11:00 – 13:00</p>	<p><b>Kemitraan (Partnership ) &amp; Governors' Climate and Forests (GCF)</b> Poppy Astari Lindan Poppy.astari@kemitraan.or.id +62 85813873811</p>	<p><b>Learning Notes from Provinces: Sub-national Low Carbon Development and REDD+ Development in Indonesia</b></p> <p>A sharing and discussion forum that will cover issues regarding low carbon development strategy and its relevance to REDD+ in sub-national level in provinces such as: logging moratorium policy, forest governance, concession and landscape evaluation, landuses and governance approach in managing forestry and other land-base natural resources. The forum will present brief report and discuss on the development of low carbon development paradigm shift and practices in REDD+</p>

			<p>achieved by provinces like Aceh, Central Kalimantan, East Kalimantan and Papua.</p> <p><i>Speaker:</i> REDD Taskforce from Aceh, Papua, East Kalimantan and Central Kalimantan Provinces</p>
	11:00 – 13:00	<p><b>Tanzania Natural Resource Forum (TNRFF)*</b></p> <p>Mr. Latif Amars l.amars@tnrf.org +255 713 660140 ----- International Institute for Environment and Development (IIED)</p> <p>Ms. Teresa Corcoran Teresa.Corcoran@iied.org +44 20 78727335</p>	<p><b>REDD Realities: Lessons Learned from REDD Pilot Projects in Tanzania</b></p> <p>REDD Pilot Projects in Tanzania have been engaged in on-the-ground implementation of REDD since 2009. Since then, the NGOs and communities implementing the projects have worked together to share lessons learned and advocate for sound policies and developments that are in the best interest of communities.</p>
	11:00 – 13:00	<p><b>PT. Riau Andalan Pulp and Paper (APRIL)</b></p>	TBC
	14:30 – 16:30	<p><b>Indonesia Ministry of Agriculture</b></p> <p>Yusni Emilia Harahap  yusniemilia@yahoo.com</p>	<p><b>Climate Field School for Food Security</b></p> <p>Ministry of Environment has been implementing specific programme on Integrated Climate Field School for Agriculture.</p>

<p>The lesson learned and best practices will be presented in this session</p> <p><i>Speaker:</i> Yusni Emilia Harahap (Senior Advisor to The Minister of Agriculture on Environment)</p>	<p>+62811922322</p>		
<p>Film discussion: Early warning system to anticipate drought risk (10')</p> <p>The film will show an early warning system to inform farmers when the beginning of dry season and its duration. Thus the farmers are able to anticipate drought event that has increased in its frequency and severity due to climate change.</p> <p>Speaker: TOMMY M. SITOMPUL</p>	<p><b>Indonesia Ministry of Public Works</b></p> <p><b>Mr. A.TOMMY M. SITOMPUL,</b> <b>M.Eng</b></p> <p><b>atmstp@gmail.com</b></p> <p><b>+6281280000600</b></p>	<p>14:30 – 16:30</p>	
<p><b><i>Climate-Smart Agriculture - a transformative approach to food security, adaptation and mitigation</i></b></p> <p>Agriculture must undergo a radical transformation to meet the challenges of sustainable food security and poverty reduction with climate change. Learn about approaches that increase both productivity and the resilience of livelihoods and ecosystems,</p>	<p><b>International Fund for Agricultural Development (IFAD)*</b></p> <p>Mr. Jeffrey Brez</p> <p>j.brez@ifad.org</p> <p>+39 366 6121101</p>	<p>14:30 – 16:30</p>	

			plus how REDD+ lessons can inform our progress.
Wednesday 07 Dec 2011	07:30 – 09:30	<b>Bilateral meeting : Indonesia - Japan government (TBC)</b>	
	11:00 – 13:00	<b>National Development Agency of Indonesia (BAPPENAS)</b> Ms.Syamsidar Thamrin sthamrin@bappenas.go +628151862498	<b>Indonesia Climate Change Trust Fund (ICCTF) and National Action Plan of GHG Emission Reduction</b>  The ICCTF ( <a href="http://www.icctf.or.id/">http://www.icctf.or.id/</a> ) is a national-managed trust fund that aims to contribute effectively and efficiently to mainstream climate change issues in government planning and the implementation of climate change activities across Indonesia. The design and experience of its implementation will be presented. The Presidential Regulation no.61 year 2011 on National Action of Greenhouse Gas Emission Reduction (RAN-GRK) has been formally launched in October. The 2011 regulation lays out applicable and measurable plans, ensuring accountability for the goals described in the country's 2020 emission reduction targets. The RAN-GRK spells out the 2020 emission reduction targets in five main sectors, namely forestry and peat lands, agriculture, energy and transportation, industry, and waste management.
	11:00 – 13:00	<b>Global Environment Facility (GEF)*</b> Ms. Sara Nielsen snielsen@thegef.org +1 202 4734840	<b>Adaptation in Practice: Evaluating Innovative Approaches</b>  This event will present lessons learned from first generation adaptation interventions in the GEF (SCCF, LDCF, SPA), incl.ongoing work on RBM, indicators and frameworks (Adaptation Fund). It will also showcase the Climate-Evaluation interface: a fast-growing global community of adaptation evaluators.  Speakers: Global Environment Facility Evaluation Office; LDCF/ SCCF Secretariat; Adaptation Fund Board Secretariat; World

			Bank Independent Evaluation Group (IEG)
14:30 – 16:30	<p><b>PT. Pertamina (Persero)</b>  Dessy Ristiana  Dessy.ristiana@pertamina.com  +6281809092252</p>	<p><b>Green Business Strategy of PT. Pertamina (Persero)</b></p> <p>PERTAMINA is a National Oil Company in Indonesia, which scope of business incorporates the upstream and downstream sectors. Pertamina commits to support Indonesian Government Program to reduce GHG emission by 26% (until the end of 2020). Thus, Pertamina has implemented the green business, which consists of green technology, energy efficiency, water conservation, waste management, green product, biological resource conservation, renewable energy, worker involvement and community contribution.</p> <p><b>Speaker:</b> Dessy Ristiana Winarsih</p>	
14:30 – 16:30	<p><b>United Nations Development Programme (UNDP)*</b>  Mr. Tim Scott  tim.scott@undp.org  +1 301 9802373</p>	<p><b>Public - Private Partnerships: Promoting inclusive, equitable, and gender-sensitive climate finance</b></p> <p>This event will showcase how all actors – from government ministries to UN agencies to microfinance organizations to large capital funds – can contribute to gender equality and women’s empowerment through more equitable and inclusive climate finance.</p>	
14:30 – 16:30	<p><b>Government of Japan/Japan International Cooperation Agency</b></p>	<p><b>Mitigating climate change impacts through implementation of sustainable energy projects</b></p>	

		<p><b>(JICA)</b> TBC</p>	TBC
<p>Thursday 08 Dec 2011</p>	<p>11:00 - 13:00</p>	<p><b>Indonesia Ministry of Agriculture</b> Yusni Emilia Harahap  yusniemilia@yahoo.com  +62811922322</p>	<p><b>Research and Development on Climate Change Adaptation and Mitigation in Agricultural Sector</b></p> <p>Division of Research and Development of Ministry of agriculture will present research programs on climate change adaptation and mitigation, such as extreme weather-tolerant paddy species, water conservation facility, and carbon efficient farming strategy.</p>
	<p>11:00 - 13:00</p>	<p><b>Environnement et Developpement du Tiers-Monde (ENDA-TM)*</b> Mr. Libasse BA libasseba@yahoo.fr +221 33 8222496</p>	<p><b>Strengthening Institutional Capacities for Climate Change Research and Training: Lessons-Learned</b></p> <p>Nine research and training organizations from Africa, Asia, Europe, the Pacific and the Caribbean collectively form a Climate Change Capacity Development (C3D) network. The Partners collaborate in developing and testing methodologies in support of climate change decision-making.</p>

	14:30 – 16:30	<b>National Council on Climate Change of Indonesia (DNPI)</b> Mr. Farhan Helmy farhan.helmy@gmail.com	<b>Indonesia Climate Change Center: outreach and knowledge management center</b>		
Friday	11:00 – 13:00	<b>Bilateral Meeting</b>	Speaker: Mr. Farhan Helmy (National Council for Climate Change, Indonesia)	TBC	
09 Dec 2011	14:30 – 16:30	<b>Bilateral Meeting</b>		TBC	

(\*) The organization has been invited, to be confirmed.
